TECH VISIONARY · CREATIVE INNOVATOR

Vladimir Jeremic

FULL-STACK DEVELOPER - MULTIMEDIA DESIGNER

25+ years delivering secure, scalable, and user-centric software across iGaming, blockchain, Web3, legal-tech, and e-commerce. As owner and creative director of HYPEBITS Agency, I lead end-to-end delivery — strategy, UX/UI, full-stack development, and deployment — from complex web applications and smart contracts to live consultation platforms and B2B commerce.

01 CORE SKILLS

Technical Expertise

- Advanced design & engineering
- Game dev & prototyping tools
- Web3, blockchain & dApps
- Smart contracts & DeFi

Leadership & PM

- Multidisciplinary team lead
- Complex project delivery
- Cross-functional collaboration
- Agile & high-stakes environments

iGaming & Blockchain

- Online casino mechanics
- Provably fair algorithms
- Crypto & regulatory compliance
- Player psychology & retention

Innovation & Vision

- NFTs, DeFi, Smart Contracts
- Immersive UX/UI design
- Creative storytelling
- Stakeholder communication

NOW

OWNER · CREATIVE DIRECTOR

HYPEBITS Agency · Remote

Leading the agency end-to-end — strategy, UX/UI, full-stack development, and production deployment. Delivered a legal-tech platform connecting clients with verified lawyers via browser-based video/voice consultations, transparent pricing, and instant PDF invoicing; a B2B e-commerce and brand site for slot machine parts, repairs, and inventory serving 300+ casinos; and the next-generation HYPEBITS studio platform built on Next.js with immersive portfolio, services, and client-facing presence.
